SUBMISSION OF CORRECTED FORMAL DRAWINGS

Sir:

In response to the Notice Regarding Drawings dated February 27, 2006, Applicant submits herewith twelve (12) replacement sheets of drawings including the changes required by the Notice of Draftsperson's Patent Drawing Review (PTO-948) dated February 24, 2006. Please substitute the enclosed twelve (12) replacement sheets for the drawings filed on August 9, 2001.

Applicant notes that the Notice Regarding Drawings mailed February 27, 2006 indicates that the drawings received in the USPTO on August 9, 2001 are not acceptable. However, the drawings submitted on August 9, 2001 were not formal drawings. Applicant has submitted a several sets of corrected drawings since August 9, 2001.

On November 8, 2001, in response to the Notice to File Missing Parts dated September 14, 2001, Applicant filed a Submission of Formal Drawings enclosing twelve (12) sheets of formal drawings. A copy of that Submission of Formal Drawings is attached.

On March 29, 2002, in response to the Request for Substitute Papers dated March 15, 2002, Applicant submitted a copy of the papers filed in response to the Notice to File Missing Parts, including the Submission of Formal Drawings.

On January 12, 2005, in response to the Examiner's objections to the drawings set forth in the Office Action dated July 14, 2004, Applicant amended the specification and

drawings and submitted a Request for Approval of Corrected Drawings. A copy of Applicant's January 12, 2005 filing is attached.

On August 31, 2005, in response to the Examiner's objections to the drawings set forth in the Office Action dated June 15, 2005, Applicant amended the specification and drawings and included a Submission of Corrected Formal Drawings and a Letter to the Official Draftsperson requesting approval of the proposed amendment to the drawings. A copy of Applicant's August 31, 2005 filing is attached.

The Notice of Allowability mailed September 22, 2005 indicates that corrected drawings are required. On December 2, 2005, the undersigned called the Examiner to discuss the matter and the Examiner indicated that, in fact, the drawings submitted by Applicant on January 12, 2005 and August 31, 2005 were accepted by the Examiner and no additional drawings are required.

Subsequently, Applicant received the Notice Regarding Drawings dated February 27, 2006 indicating that corrected drawings are required. Accordingly, Applicant submits herewith twelve (12) replacement sheets of corrected formal drawings. The enclosed replacement sheets include the amendments to the drawings made on January 12, 2005 and August 31, 2005 that were accepted by the Examiner.

Respectfully submitted,

FITCH, EVEN, TABIN & FLANNERY
